Come join us on Friday, Jan. 25 for our annual RISE conference. RISE is a one-day summit for first-year freshman and transfer students designed to reinforce the information and resources that were presented at orientation. RISE is the perfect event to attend if you’re needing time to reflect on your first year in college and want to enhance your college experience. This event will equip you with the tools you need to start your semester off on the right path. You will be able to choose from a variety of sessions on topics ranging from healthy living to financial tips. RISE is free and students who attend will be provided lunch and will also have the chance to be entered in a drawing to win prizes. Register and find more information about RISE at orientation.utexas.edu/RISE.
MONTHLY MEETING

We are kicking off the semester with our monthly meeting on Jan. 23 at 5:30 p.m. in the Glenn Maloney room (ground floor) in SSB. Join us for some food, fun, and resources that will hopefully support you in starting the semester strong. At the meeting, we will be giving out school supplies and will also have a panelist of graduate students ready to answer your questions about graduate school. Come prepared with questions and an appetite! At our end of the year banquet, we had our HHH members cast their votes on their preferred school supplies and these are our winners: notebooks, highlighters, flash-drives, and binders. If any of you miss the meeting, please contact Noemí or Paige to set up a makeup meeting.
Scholarships

The deadline for continuing and transfer students scholarships application is March 15 by midnight. You can access this application through the CASH tab on UT Direct. Be sure to click on status requirements and choose the “Continuing Scholarship Application” option. Be sure to check your respective departments and colleges for scholarships offered through them. Here are a few outside scholarships to check out:

- Edward S. Roth Manufacturing Engineering Scholarship - Deadline: Feb. 1 and amount varies. Minorities of any group are eligible to apply for this award.
- Science Systems and Applications, Inc. (SSAI) Scholarship - Deadline: March 15, Amount: $2,000. The scholarship encourages the study of physics among underrepresented groups in science and engineering.
- Fontana Transport Inc. Scholars Program - Deadline March 9th, Amount: $5,000. For first generation minority students who are underrepresented in health related fields.
- Minorities In Government Finance Scholarship - Deadline Jan. 18, Amount: $10,000. For graduate or upper level undergraduate minority students enrolled in a course of study preparing for a career in state or local government finance.

For more information on outside scholarships visit: www.Nitrocollege.com
